

## Chapter 6 Homework

- Choose 5 random *Programming Challenges* on Pp. 369-375. At least two must be from Pp. 373-375.
- Enter your fully documented code into ideone.com.
- For each of the 5 programs, Tweet the URL to @CarlArgila
- Turn-in printed solutions on the due date.
- Be prepared to present your code before the class.
