Chapter 4 Homework

- Choose 5 random *Programming Challenges* on Pp. 220-226. At least <u>two</u> must be from Pp. 224-226.
- Enter your <u>fully documented</u> code into ideone.com.
- For each of the 5 programs, Tweet the URL to @CarlArgila
- Turn-in printed solutions on the due date.
- Be prepared to present your code before the class.
